

WINE LIST

SPARKLING

Sparkling wines are some of the most diverse and interesting wines made in the world. They are not only intended to be had for celebrations, but to have at the table with food.

Gruet, Brut , Alebequerque, NM	45
Roderer Estate, Brut , Anderson Valley, CA	55
Schramsberg "Mirabelle", Brut Rose , North Coast, CA	55

LIGHT, CRISP & MINERAL DRIVEN WHITES

These wines are your go-to if you want something crisp to cut through the fat or when you need a brisk palate quencher with your oysters (fried or freshly shucked). Crushable whites are the lighter Lager or Pale Ale of the wine world... infinitely satiating. Try a rare American Albarino or a grassy, citrus laden Sauvignon Blanc.

MEDIUM TO FULLER WHITES

When your meal requires more volume, the wines below will provide some extra texture and bold rich flavors. Some will be rounder and finish creamier than others (Chardonnay), others are rich but with a refreshing edge (Grenache Blanc), If you like turning it to 11, this is your happy place.
